Professional Summary

Frontend Developer with 3+ years of experience building production-ready applications using React.js, Next.js, and React Native. Developed AI-integrated solutions using LLMs and RAG (LangChain/Ollama), with hands-on experience deploying apps to Play Store/App Store. Combines strong UI/UX skills with technical depth in performance optimization, clean architecture, and CI/CD pipelines to deliver complete frontend solutions.

Technical Skills

Frontend: React.js · Next.js · React-Native · Tailwind CSS · Material UI · Bootstrap

Backend: Node.js · REST API · Python · MySQL

AI/ML: LangChain · Ollama · Vector Stores · OpenAI · Prompt Engineering

Tools: Git · Docker · Postman · FigmaProjects

Work Experience

SysNet Integrators, Inc.

Frontend React Developer | Nov 29, 2022 – Present

- Led migration from legacy jQuery components to modern React architecture, improving maintainability
- Developed and optimized applications using React.js and Next.js for EV charging and retail systems
- Designed and integrated RESTful APIs with backend teams
- Implemented CI/CD pipelines using GitHub Actions
- Integrated AI solutions including multi-brand LLM chatbot

Education

B.S. Information Technology

Technological University of the Philippines - Manila | DOST Scholar
